# Eurasian Fund for Stabilization and Development

# Eurasian Fund for Stabilization and Development (EFSD)

**Regional financial arrangement (RFA)** to support member states` programmes and projects focusing on macroeconomic and financial stabilization, long-term sustainable development and regional integration. RFAs are part of global financial safety net, which also includes national protective mechanisms (reserves), bilaterals and international financial institutions.

**Capital:** US dollars 8.5 bln

**Established:** 9 June 2009.

**Founders/Members:** Armenia, Belarus, Kazakhstan, Kyrgyzstan, Russia and Tajikistan.

# Member states contributions

**Contributions to the EFSD** add up to 8,513 bln US dollars, including:

Armenia – 1 mln US dollars;

Belarus – 10 mln US dollars;

Kazakhstan – 1 bln US dollars;

Kyrgyzstan – 1 mln US dollars;

Russia – 7.5 bln US dollars;

Tajikistan – 1 mln US dollars.

## **Terms of Payment:**

10% paid in cash (US dollars and/or euros);

90% paid in the form of simple, non-convertible, non-interest-bearing bill of exchange.

# Country Access Limits

Are set by the Fund Council in proportion to GNI per capita;

Russia has indicated the intent to borrow from the Fund only in case it participates in interstate investment projects;

If needed, particularly for the implementation of major projects, a member state may take a decision to reallocate a part of its limit to another Fund member state.

Member state	Access limit (% to total amount of the funds)	Access limit (mln US dollars)
Armenia	13	1 211

# Financial Credits (FCs)

FCs are extended to support a stabilization programme, a limited number of specific policy actions, **defined by the Governments themselves.**

A programme supported by an FC should be realistic and internally consistent; should help achieve macroeconomic stability, ensure long-term development and preserve fiscal and debt sustainability of the country;

Policy implementation is measured by specific indicators and is evaluated by the Fund Council on the basis of reports of the Fund Manager.

**Fund`s Regulation on FCs** defines other conditions, such as:

The borrower should have no debt arrears to the Fund, to its member states and to other IFIs;

Minimum amount of the credit –10 mln US dollars;

If an FC is extended in several tranches, the Fund Council decides on the disbursement of a given tranche upon the evaluation of a borrower`s success in implementing policy measures agreed under previous tranches.

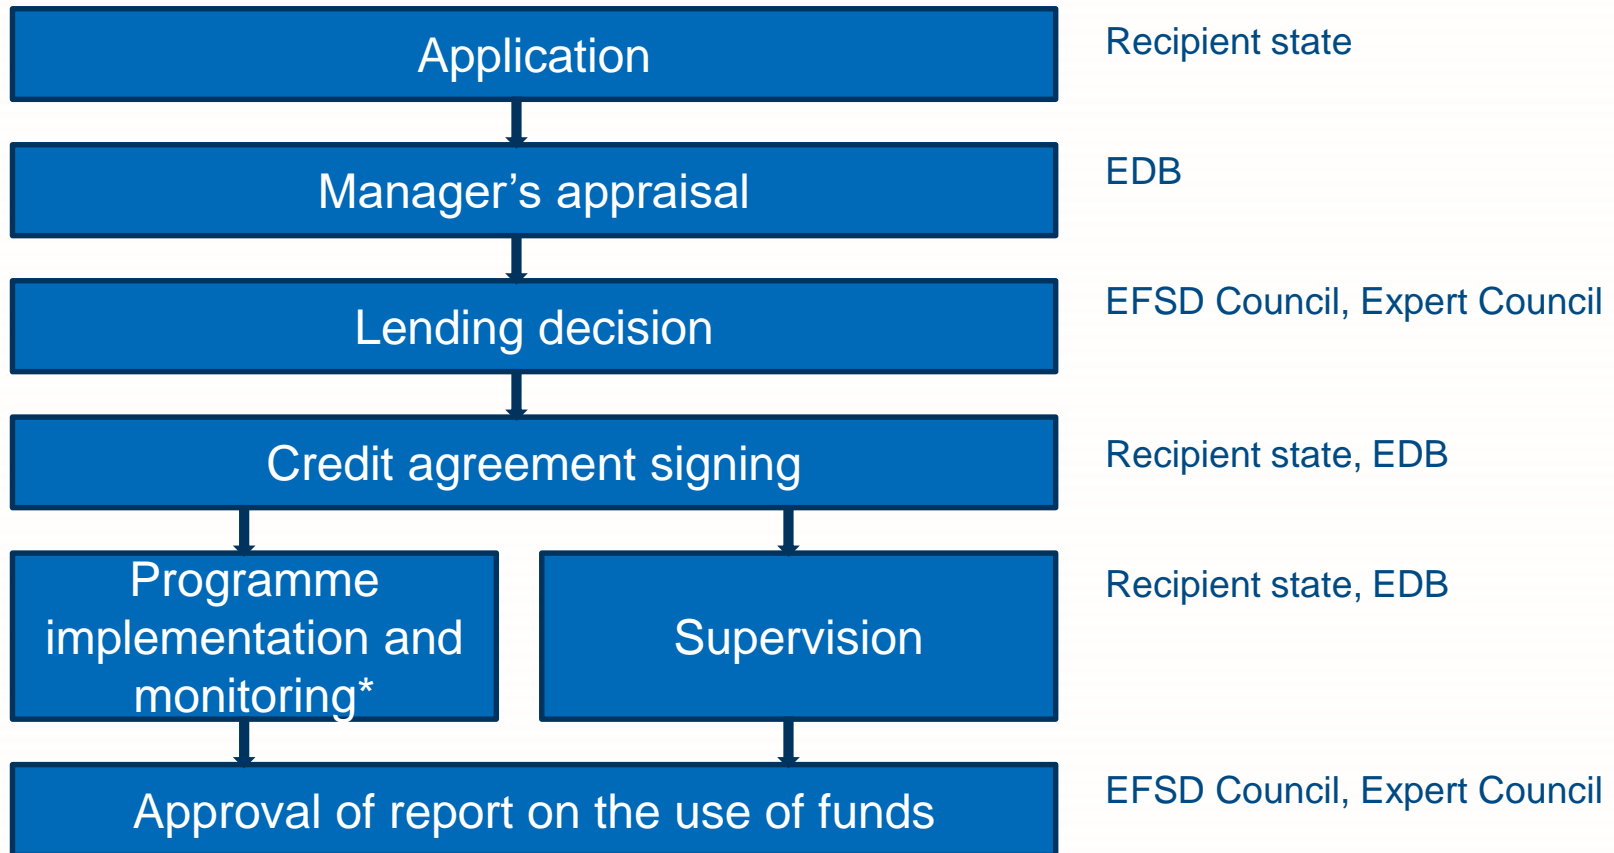

# Fund FCs Indicative terms

	Stabilization credit for low-income Fund member states	Sovereign loans for middle-income Fund member states
Interest rate (% annually)	1-3%	LIBOR
Spread (over interest rate)	None	Variable*
Front-end fee	None	
Commitment fee	None	
Maturity	Up to 20 years	Up to 10 years
Grace period	Up to 5 years	
Duration of the program	Up to 3 years	
Requirement of co-financing by the recipient	None	

\* calculated for each 6-month accrual period as a difference between the cost of funding for Russia and Kazakhstan on the international markets and LIBOR.

# FCs project cycle

\*in case there are several tranches expected, each disbursement is approved by the Fund Council according to the results of programme implementation.

# Investment Loans (ILs)

## Investment Loans are available to:

- Member states;
- Companies implementing interstate investment projects.

EFSD only supports projects which cannot be financed from the market and/or by other IFIs on financial terms that are suitable for a given project and at acceptable risk levels.

Fund`s Regulation on ILs defines other **conditions**, such as no debt arrears to the Fund, its member states and to other IFIs.

## **Minimum** sizes of investment loans are:

- US\$ 30 million for countries with GNI per capita over US\$ 5,000;
- US\$ 10 million for countries with GNI per capita under US\$ 5,000.

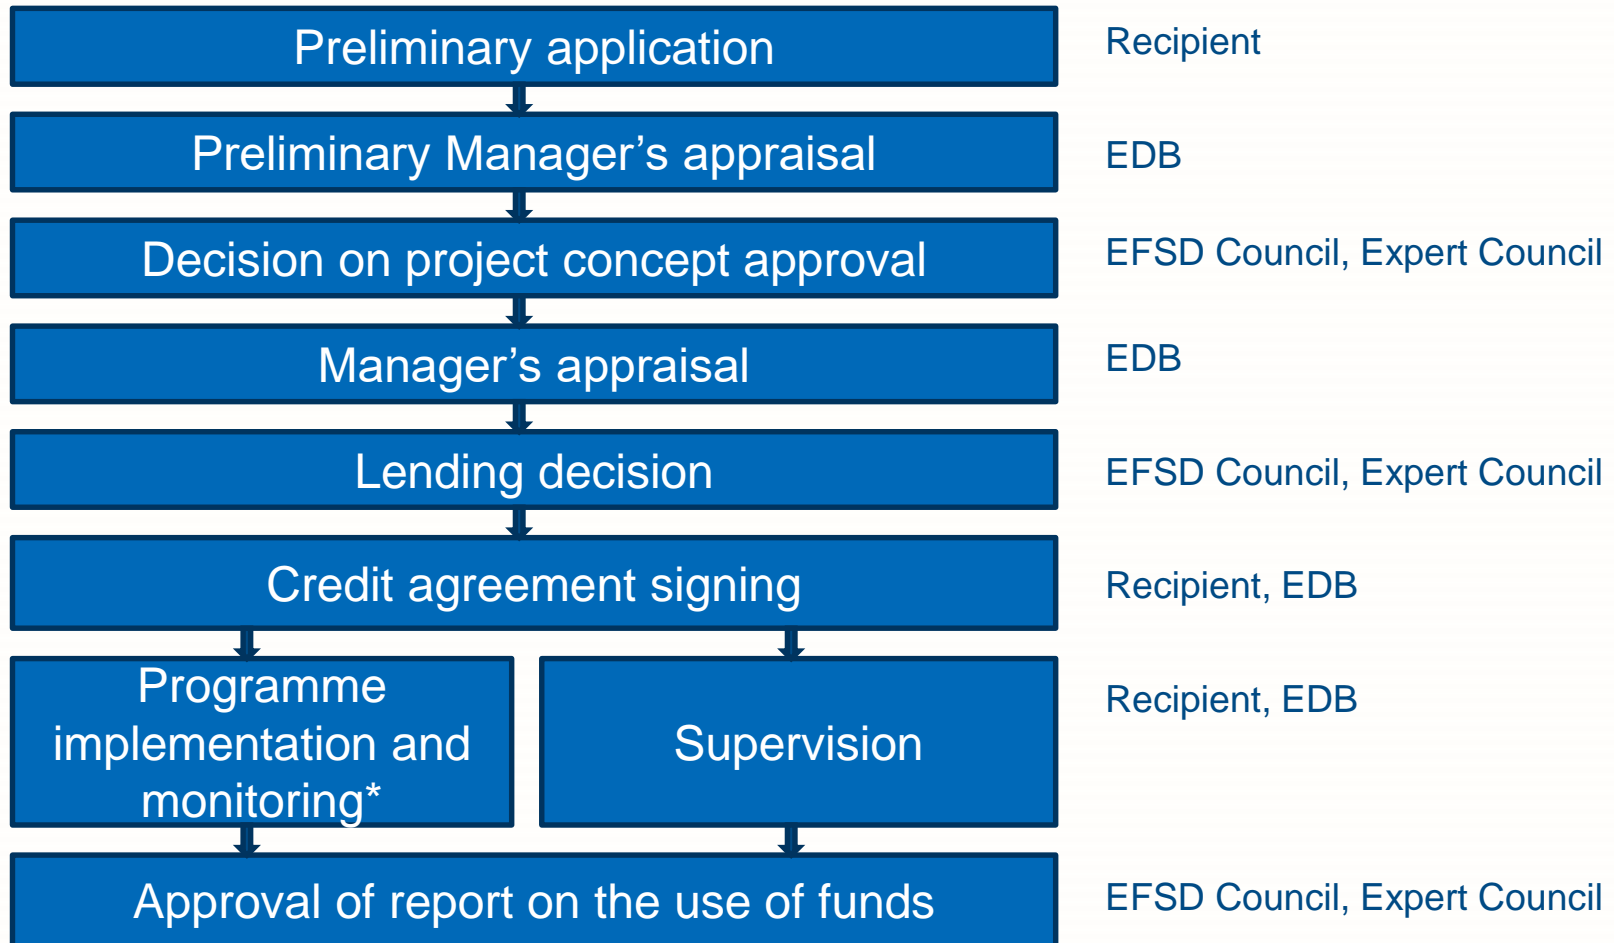

ILs are extended in any form used in international practice, except for equity participation.

# Fund ILs Indicative terms

	Member state*	Project company
Base Interest Rate	Variable, the cost of funding of Russia and Kazakhstan	
Risk Premium	Determined by the Fund Council based on Project risks
