Under prior review, each subsequent stage of the Procurement Process shall be carried out by the Recipient only upon approval of the previous stage by the Administrator.

Under post review, selection of Suppliers and the award of Contracts shall be carried out by Recipient in compliance with the rules and procedures stipulated in the Financing Agreement. The Administrator shall carry out a sample or complete review of documents relating to such Contracts.

The review frequency and form shall be defined in the Financing Agreement and will depend on project implementation period, project complexity and specific features.

The purpose of such meeting is only to discuss the bidder's bid, and not to discuss the bids of competitors.
